

Save on your Purchases & Disposals.

bidproc

eAuctions Platform
driven by **businessgateways**

bidproc eAuctions enable you to win in every transaction you do, be it **Procurement or Disposal**. As an Auctioneer, you can use your own bidder pool, or choose from the growing bidproc bidder pool, to identify new bidders for your **Procurement or Disposal Event**.

Use **bidproc Reverse eAuctions** to identify the lowest / best deal across
Service Contracts | Assets | Commodities

Purchases
REVERSE eAUCTION

Disposals
FORWARD eAUCTION

Use **bidproc Forward eAuctions** to dispose your
Excess Goods | Industrial Scrap | Used Vehicles
and more to the highest bidder.

Should you wish to utilize the **eTendering module within bidproc**, go ahead & create a professional eTendering event, complete with Approval Committees, to collect Technical & Commercial envelopes, shortlist suppliers and ascertain the start price of eAuction

eTendering
FORWARD eAUCTION

With **bidproc**, your **Procurement & Disposal Events** are set to global standards, while helping you save on your procurement spend or gain on your disposals. Backed by **businessgateways**, **bidproc eAuction** experience gives you total peace of mind when conducting the entire **eAuctions process**.
